PROFILE SUMMARY

Third-year B.Tech student in Artificial Intelligence & Data Science (CGPA: 8.7/10) with hands-on project experience across computer vision, NLP, and predictive modeling. Builds end-to-end AI solutions from data pipeline to deployment, and has independently shipped a full-stack web application. Seeking a Summer/Winter internship in Machine Learning, Data Science, or Software Engineering.

EDUCATION

B.Tech, Artificial Intelligence & Data Science

2024 – 2028

Saveetha Institute of Medical and Technical Sciences, Chennai | CGPA: 8.7 (up to 3rd Year)

PROJECTS

Historical Document Digitization System

Python · OpenCV · OCR · NLP

- Built an automated pipeline combining CV preprocessing (denoising, deskewing) with OCR and NLP-based classification to convert scanned historical documents into searchable digital text.

Intelligent Banking Chatbot

Python · NLP

- Designed an NLP-driven conversational agent with intent recognition to automate common banking queries and basic financial guidance, handling varied natural-language phrasing.

Disease Outbreak Prediction Model

Python · Scikit-learn · Decision Trees

- Trained and tuned a Decision Tree classifier on healthcare data to predict disease outbreak likelihood, improving accuracy through parameter optimization on held-out data.

Construction Company Website

HTML · CSS · JavaScript

- Designed and built a fully responsive multi-page business website (Home, Services, Portfolio, Contact) from scratch, translating client requirements into a working front-end product.

TECHNICAL SKILLS

Languages: Python, C, C++

Core CS: Data Structures, DBMS, Object-Oriented Programming

Data Science & ML: Data Analysis, Machine Learning Fundamentals, NumPy, Pandas, Matplotlib

Web: HTML, CSS, JavaScript

Tools & Platforms: Jupyter Notebook, Google Colab, Git/GitHub

CERTIFICATIONS

- Introduction to Generative AI Studio — Google Cloud
- Introduction to Generative AI — Microsoft
- Introduction to IoT — NPTEL
- ChatGPT for Everyone — GUVI HCL
- Introduction to Soft Skills — TCS iON
- Introduction to Cybersecurity — Simplilearn

ACHIEVEMENTS & LEADERSHIP

- Event Management: Organized and led college-level technical and non-technical events end-to-end — coordination, logistics, and volunteer team management.
- Student Ambassador, Dominova: Represented the company on campus, connecting students with professional opportunities and promoting brand initiatives.
- Poster Presentation: Presented original research on Explainable AI in Cardiac Arrest Prediction at an academic forum.
